

New Director of Institutional Sales appointed

Düsseldorf, 30 January 2024 - Bernd Dellbrügge will take over the newly created position of Sales Director at aream group on February 1, 2024. "We are delighted to have gained an experienced salesperson for our institutional clients in Bernd," says Markus W. Voigt, CEO of the aream Group.

Bernd Dellbrügge has already managed the sales division in various companies during his professional career. Most recently, he was Managing Director at DLE Group AG, before that he was Sales Director at Corestate Bank GmbH and Hannover Leasing Investment GmbH and Director of Institutional Sales at Salm-Salm & Partner GmbH.

"Together with Tim Van den Brande, Managing Director of aream Institutional Sales Management, Bernd Dellbrügge will continue to drive our company forward, particularly with institutional investors," says Voigt. aream, an investment and asset manager with a focus on sustainable infrastructure, covers the entire value chain for renewable energy investments. With a transaction volume of more than 2.5 billion euros, aream is one of the leading asset managers in this market and its own portfolio of plants generates around 40 million euros worth of green electricity per year. "Investments in solar and wind parks promise stable returns that are interesting for institutional investors," says Voigt.

"Especially as a father of four children, I am highly motivated to combat further global warming for future generations - one of the most pressing social challenges of all," says Dellbrügge. "That's why the aream team, with its decades of international experience and in-depth specialist knowledge of the entire life cycle of photovoltaic and wind energy projects, is the right place for me and I'm looking forward to my new tasks."

About the aream Group

The aream Group, founded in 2005, is an investment and asset manager for institutional investors and industrial customers with a focus on sustainable infrastructure in the renewable energy sector. With the three areas of fund and asset management, project development and operation management, aream covers the entire value chain for renewable energy investments. With a transaction volume of more than 2.4 billion euros, aream is one of the leading asset managers in this market. With its own plant portfolio, green electricity is sold for around 40 million euros per year. Since 2008, aream has been producing more than a billion kWh of green electricity. As part of the growth strategy, 2.5 GW of solar and wind parks are to be realized or acquired over the next few years. Due to its own project development alone, aream currently has a pipeline of over 1,000 MWp with a potential of a further 1,400 MWp. Further information: www.aream.de.
