

Reinforcement in the investment area at the aream Group

Düsseldorf, 03. July 2024 - The aream Group's investment team has been strengthened with two new additions: Janek Bormann and Florian Niehues started as investment analysts on 1 July.

Janek Bormann most recently worked in Corporate Finance Advisory at Commerzbank in Frankfurt and Amsterdam, where he specialised in the infrastructure & energy sector.

Florian Niehues comes from Generali Real Estate S.p.A. in Cologne, where he worked as an investment analyst in the Real Estate Transactions division. Prior to that, he worked at Rautenberg & Company GmbH in Düsseldorf in the Private Equity Advisory division.

About the aream Group

aream Group, founded in 2005, is an investment and asset manager for institutional investors and industrial clients with a focus on sustainable infrastructure in the renewable energy sector. With its three divisions Fund and Asset Management, Project Development and Operation Management, aream covers the entire value chain for renewable energy investments. With a transaction volume of more than 2.5 billion euros, aream is one of the leading asset managers in this market, and its own portfolio of plants generates around 40 million euros worth of green electricity per year. Since 2008, aream has produced more than one billion kWh of green electricity. As part of the growth strategy, several solar and wind parks are to be realized or acquired in the coming years. Through its own project development alone, aream currently has a long development pipeline with great potential. Further information: www.aream.de.
